# CASA DE SIERRA NEVADA

## A BELMOND HOTEL

*San Miguel is an adventure for the senses and at the center of this vibrant city lies a private sanctuary. Swing open the ancient, wooden front doors and the fiesta outside gives way to a siesta-like calm. Water fountains and blooming flowerpots dot the cluster of heritage mansions that make up the hotel. Here, history is woven into every stucco wall, tiled bath and curved ceiling, all balanced with modern luxuries.*
