Highlights of Your Journey

Kennedy Space Center – Where Wonder Takes Flight

- Walk among towering rockets and legendary spacecraft that made history
- Discover the stories of brave astronauts, visionary engineers, and groundbreaking missions
- Explore interactive exhibits that engage every age — from toddlers to teens to lifelong space lovers
- Feel the awe of standing just miles from active launch pads

This isn't just a visit — it's a journey through past, present, and future exploration.

Meet an Astronaut – A Moment you Family will Never Forget

- Sit face-to-face with a real NASA astronaut
- Hear personal stories of launch, spaceflight, and life in microgravity
- Ask questions about missions, training, and what Earth looks like from orbit
- Enjoy light refreshments during this intimate session
- Take home a commemorative gift and a signed lithograph

This is a rare chance for your family to connect with someone who has truly left Earth.

ATX® Astronaut Training Experience

Step into the role of a real astronaut — train, problem-solve, and explore just like the crews who journey beyond Earth.

This immersive hands-on experience gives your family a thrilling look into what it takes to prepare for spaceflight. Guided by trained instructors, you'll take on real astronaut-style challenges, including:

During ATX®, your family will:

- **Participate in astronaut training simulations** used to develop teamwork and critical thinking
- **Navigate a Mars Base mission**, learning how astronauts communicate and problem-solve as a crew
- **Experience microgravity-style challenges** that test balance, coordination, and adaptability
- **Train on full-scale mission equipment mockups** that simulate life and work on another planet
- **Suit up for a team-based exploration scenario**, completing tasks inspired by real NASA missions

Designed for learning, teamwork, and fun — ATX® brings your family inside the world of astronaut training in a way few visitors ever experience.

Kennedy Space Center Explore Bus Tour

- Venture behind the scenes with a guided tour led by a space expert
- See the historic launch pads where Apollo, Shuttle, and SpaceX missions began
- Pass the iconic **Vehicle Assembly Building**, one of the largest structures on Earth
- Learn insider stories of exploration, innovation, and the future of human spaceflight
- Arrive at the Apollo/Saturn V Center to stand beneath a real **Saturn V rocket**

This is space exploration brought to life — powerful, emotional, and unforgettable.

Two Days of Exploration at the Visitor Complex

Explore at your own pace with 2 full days of admission, including:

- **Space Shuttle Atlantis®** — suspended as if in flight
- **Shuttle Launch Experience®** — feel the rumble of liftoff
- **Heroes & Legends + U.S. Astronaut Hall of Fame®**
- **Journey to Mars: Explorers Wanted**
- **Astronaut Encounter presentations**
- **IMAX® space films** that place you inside the mission
- **Gateway: Deep Space Launch Complex** featuring Spaceport KSC
- **Rocket Garden guided tours**
- **Planet Play** — a multi-level, interactive space-themed play area for kids

A perfect mix of education, hands-on fun, and pure inspiration.
