# NEED FOR SPEED

*There are fast cars... and then there are machines engineered to make your pulse race. This is your chance to step out of the ordinary and into the driver's seat of an exotic supercar built for pure performance. In the heart of Las Vegas, where excess and excitement rule the day, you'll unleash hundreds of horsepower on a professional racetrack designed to let these elite machines truly come alive.*

*The moment you grip the wheel, hear the engine roar to life, and feel the vibration beneath you, everything else disappears.*
